

Greetings Southern Patriots,

I just read a vicious hate-filled anti-South tirade by a typical enemy and hater of the South. I saw right through her half-truths and misinformation. While it is easy for you and me to see through liberal half-truths this is not the case for more and more Southerners. How can we expect our people to continue to support and defend the Cause of the South when all they ever hear is the victor's side of the story? Like you, I understand that something must be done and done quickly or everything Southern will soon be banished from "normal" society.

In the last issue of the Kennedy Twins Newsletter in an article titled "We Need Your Help—Not Your Money," we asked our friends to help us establish a list of radio, TV, and newspapers that were friendly or at least fair to the Southern point of view. This list will become the basis for a **Confederate Media Directory** which will be used to bring the truth about the South to our fellow Southerners. If Paul Gramling is elected the next SCV CIC, we will use the Confederate Media Directory as part of our effort to go on the "offensive" to counter the slanderous attacks of our vicious and very vocal enemy.

We Need Your Help.

If you know of any friendly or fair media outlets please forward the following information to Walter D. Kennedy at WDKennedy@Reagan.com We need the following to get started:

1. Name of media outlet
2. Address
3. E-mail
4. Fax & phone number
5. Show host for radio or TV

The Cause of the South is slandered daily and thus far we have not been able to give a loud, strong, and effective response. The Confederate Media Directory will give the SCV the means to be more vocal and effective in responding to attacks upon the South but an effective response cannot be done without your help. **Please forward the requested information and let's go on the offensive for a change!**
